

## Eye Gaze Frame

Created by Laura Parks

During a Linda Burkhardt Workshop

### Materials Needed:

1/2 inch Diameter PVC Pipe

- 4 T pieces  
(frame to stand and stand to feet)
- 4 ends caps (feet)
- 6 corner pieces  
(Corners and outside joints)
- 8 Ft of PVC pipe

PVC Pipe Cutter

Velcro (Soft)

Elastic Bands (optional)

### Directions:

1. Cut the 8 Ft PVC pipe into the following pieces:

- 2 - 2in pieces (from corner piece to T piece between stand and frame)
- 2 - 3in pieces (from T piece to corner piece, top of sides)
- 4 - 6 in pieces (legs of base)
- 4 - 12 in pieces (tall part of stand AND top and bottom of frame )
- 2 - 7in pieces ( bottom of side of frame)

2. Assemble the pieces.

3. Attach the Velcro to the frame.

4. The optional elastic bands can be used to hold a book. Also dangling toys can be attached with bands to encourage a child to reach.
